

St Augustine's Junior

A Message from Mrs Pierce

Thank you for your patience and understanding regarding our "Snow Days" last week. We managed to cover staff absence on Wednesday and the children enjoyed playing in the fresh snow but as the day wore on, and the snow became frozen and compacted, our school grounds and surrounding areas became more and more treacherous. It also became clear that staff, many of whom live a fair distance from Peterborough, would have a difficult journey to and from school. I made the decision to close school as soon as I possibly could in order to give you as much warning as possible and hope that you understand that it this difficult decision was made with the safety of children and staff as a priority.

I would like to thank Miss Lees and Miss Boyer who ensured you were contacted promptly.

| Year 3 | In maths next week, the children will be learning to double, halve and use written methods of division. In order to be successful, they must know their times tables up to 12 x 12 so please encourage them to practise as much as possible at home. | As you know, our topic this term is 'Where should lions live?' with a focus on African lions. This week we will be finishing our persuasive arguments to decide whether Lions should live in zoos. We will then move on to reading, enjoying and writing traditional african tales. |
